Maple Elementary School

Arrival/Dismissal Procedures

To ensure the safety of all students, our arrival and dismissal procedures for pick-ups and drop-offs has been changed for the upcoming school year.

- All cars will now enter in the first entrance to Maple on Egypt Road. This entrance will be clearly marked as an entrance.
- The other entrances will now be used as exits and will be marked as “Do Not Enter”.
- All cars should line up in the pick-up/drop-off line and parents MUST remain in their vehicles. This is to ensure the safety of ALL students.
- Early dismissals are to be picked up before 2:30. After 2:30 all parents/guardians must follow standard pick-up procedures. Parents should not walk up to the school or go inside to pick up students. After 2:30 we are not allowing early dismissals so please plan accordingly. This is to ensure the safety of ALL students.
- During dismissal, all students will remain in the building and staff will dismiss students as their vehicle enters the pick-up area. The pick-up area will be clearly marked with three pick-up zones.

Please remember that this is for the safety of all our students so it is very important that all parents follow this new procedure. Staff and CPD will be on site to help with the new procedures the first few weeks of school.

Thank you in advance for your cooperation and for helping us keep our kids safe.
