2018-2019 School Year Price Quotes

Please return a signed copy of this form and the attached Food Related Quote Form to the Board of Education, Dorchester County, Food and Nutrition Department, 700 Glasgow Street, Cambridge, MD 21613, on or before 1:00 PM, Thursday, June 21, 2018. If a different unit/pack or brand name that might be specified is quoted, please indicate the change. Price quotes are for the 2018-2019 school year.

Award of Contract: This contract will be awarded on the basis of the bottom line cost of all the items. The number listed in the usage column represents the estimated annual usage data. Where no usage number is provided, a delivery amount of one case per month will be assumed and used to arrive at the bottom line total. There is no obligation on the part of the Board of Education to purchase any item included in this quote request. Nor is there an obligation on the part of the Board of Education to spend any amount of money for any items or any combination of items. Dorchester County Public Schools has the options of requesting yearly extensions.

Samples: The Board of Education reserves the right to require a company offering a quote to furnish within five (5) days, two (2) samples of any item on which the quote is offered at no cost to the Board of Education. Samples are required only on request.

Delivery: Deliveries shall be made bi-weekly to individual schools (see enclosed map and list of schools) on the day (s) agreed upon by the company to which this contract is awarded and the Dorchester County Board of Education. Deliveries are to be made between the hours of 7:30 a.m. and 1:30 p.m. Deliveries shall not be complete until all items delivered are placed at the point within the building designated by the Food Service Manager.

Substitutions: It is imperative that the Contractor make every effort to minimize the substitution of brand names and grades. If necessary, the Board of Education will accept substitutions under the following conditions:

1. The substitution is of the same or higher grade and style than specified on the quote forms. Where substitutions require the contractor to deliver a product of higher value, no price advance or like penalty will be accepted by the Board of Education.
2. The Contractor informs a designated representative of the Dorchester County Food and Nutrition Office, as well as the manager of the school (s) affected, no fewer than three (3) days prior to delivery.

Escalator Clause: Should it become necessary within the quote period to make adjustments in the prices quoted, the Contractor must submit a request for approval of such adjustments, with evidence to support the adjustments, in writing, to the Food Service Manager, Food and Nutrition Department, 700 Glasgow Street, Cambridge, MD 21613. The request for approval must be submitted thirty (30) days prior to the date on which the adjustments are to become effective.

An authorized representative of the company submitting a quote agrees to all conditions and requirements listed upon signature of this form.
