Hurlock Elementary School's Guys' Night Was Out of This World

On Tuesday, February 27 Hurlock Elementary School held its annual Guys' Night Out Event. This year's Outer Space theme was a huge success with 120 boys and their male role models participating in activities which included making slime, creating pretzel constellations, playing capture the flag on the moon, an outer space photo booth, and hanging out in the Media Center playing cornhole. The best part of the event was seeing HES students having fun and hanging out with their male role models, making memories, and building relationships. Hurlock Elementary School would like to thank all the staff members that volunteered during the evening to make this event possible.
