Motivational Speaker Visits Young Gentlemen's Club at Sandy Hill Elementary

Motivational speaker and founder of the Lost Kingz non-profit organization, Raymo Farrare, visited the Sandy Hill Elementary School's Young Gentlemen's Club recently to share his wisdom with the young members. The Lost Kingz organization teaches young men how to overcome obstacles in their life, particularly how to be successful without a father in their lives. Mr. Farrare stressed the importance of students living outside of society's traditional labels placed upon them and soaring to their greatest potential. Mr. Farrare also gave practical examples of how young boys can use local resources to overcome some of their frustrations. Each student received a Lost Kingz t-shirt, pizza, and drinks. Sandy Hill Elementary thanks Mr. Farrare and the Lost Kingz organization for coming out to inspire our young gentlemen.
