Sandy Hill Elementary School Pre- K Promotion

On Thursday, June 7th, Sandy Hill Elementary School and the Judy Center welcomed families and friends to the school to help celebrate pre-k students being promoted to kindergarten. There were more than 400 people in attendance for this special event. The evening began with a presentation by Ms. Omeaka Jackson sharing tips and strategies to keep structure and routine throughout the summer, followed by special performances by Ms. Nossick's, Mrs. Shay's, and Mrs. Nabb's class. Mrs. Donna Greenleaf, DCPS Coordinator for Early Childhood shared the importance of reading over the summer and explained the Raising a Reader blue bag gift they would receive to take to the local library to check out books. The Judy Center gifted each child with a Pre-K Transition Kit filled with essential tools for the child to practice kindergarten readiness skills over the summer. At end of the night each family took a photo to celebrate the promotion of their child. Special thanks to the teachers and staff who made this night a success!
