South Dorchester Elementary Scavenger Hunt

On Tuesday, October 31, 2017, South Dorchester Elementary students participated in a school wide scavenger hunt. This was the monthly behavioral incentive for students in grades PK-5. Students enjoyed reading clues such as “I am the color of leaves on the ground, when you go on me you slide all the way down.” Students then had to find the teacher stationed at the red slide. A lot of teamwork and cooperation was shown.
