Warwick Elementary School Paint Night

The Warwick Elementary community's artistic abilities shined at the school's recent family paint night, organized by PAWS (Parents Advocating for Warwick Students). The participating artists, instructed by Assistant Principal Jennifer Bissett, put brush to canvas to create a fox and arctic scene, while adding their individual touches such as bows, sunglasses, and dog tags. School staff and parents donated refreshments for the participants' enjoyment, making the family event a successful fundraiser for the school.
