Mace's Lane Wins Awards in Music Competition

The Mace's Lane Middle School concert band and women's chorus each won first place trophies in their division at the Music in the Parks band and choral competition held in Williamsburg, Virginia. The judges rated their performances as "excellent". "It was a little daunting to see all those bigger schools," said Brooke Hitch, choral teacher at Maces Lane, "but we believed we could achieve."

The musicians also picked up the competition's Esprit de Corps trophy, awarded to the one school among all participants who best exemplify the spirit of a "true musician" through their discipline and respect shown to all competitors throughout the competition. This is the second year running that Maces Lane has been awarded the Esprit de Corps.

The school's concert band is led by Ali Rodrigues. Ms. Hitch leads the women's chorus.
