Warwick Elementary 5th Grade Hosts Speaker

Mary Handley, who works with transitional housing for Delmarva Community Services, visited Warwick Elementary School to speak to the 5th grade on January 7. Mrs. Handley spoke about the issue of veteran homelessness, information useful to the students as they work on their American Legion essay topic. Areas discussed included the causes behind the problem of veteran homelessness as well as information regarding groups that focus on helping veterans. The visit concluded with the students developing a list of ideas to address and prevent homelessness in the local community.
